gran buffet

### Doge è il nuovo protagonista della wonderland di Enofrigo

Linee contemporanee e forme innovative.

Finiture uniche e preziosamente artigianali sono lo scrigno di una tecnologia avanzata che si manifesta ancor più nella calotta "one-touch" immersa in un ambiente integralmente di acciaio con illuminatori LED.

Funzionalità ed estetica sintetizzate in un oggetto dai dettagli attentamente studiati.

Emozioni tattili e visive che rendono la ristorazione veloce un'esperienza elegante, raffinata e personale.

Doge è un sistema composito: versioni ad isola, servito, wall, anche con calotta apribile o saliscendi in vetro, cui si aggiungono componenti neutri che possono soddisfare le diverse esigenze funzionali e ridefinire la composizione dell'ambiente secondo le più contemporanee forme del design.

### Doge is the new star in wonderland Enofrigo

Contemporary lines and innovative shapes.

Unique and preciously handcraft finishings combined with an advanced technology that is particularly evident in the "one-touch" glass upperstructure in stainless steel with LED lights.

Functionality and aesthetics summarized in an object where all the details have been carefully studied.

Tactile and visual emotions that make the fast food experience trendy, stylish and personal.

Doge is a composite system: island and wall with sliding up- and-down glass upperstructures, as well as neutral elements that can meet different functional requirements and redefine the composition of the environment according to the most contemporary forms of design.

- Struttura in legno
- Top bordo vasca in agglomerato di quarzo ad alta purezza
- Piano perimetrale in vetro temperato
- Vasche in acciaio inox AISI 304 o piani caldo/freddo in agglomerato
- Controllo digitale della temperatura in vasca
- Aperture laterali utilizzabili come vani neutri di servizio
- Salita/discesa calotta one-touch
- Colori disponibili: rovere chiaro, wengè

- Wooden structure
- High-quality quartz-resin agglomerate tops
- Perimetral shelf made of tempered glass
- Wells in AISI 304 stainless steel or quartz-resin agglomerate refrigerating/heating tops
- Digital control of well temperature
- Side openings that can be used for neutral storage
- One-touch lid raising and lowering system
- Colours available: pale oak, wengè

Caratterizzata dall'ampia gamma a disposizione, la linea Music permette infinite soluzioni per soddisfare ogni esigenza. Gli elementi modulari Union, realizzabili anche su disegno, permettono sviluppi lineari di varie configurazioni. Tutti i buffet sono dotati di ruote, di cui due munite di freno meccanico.

Le chiusure superiori dei buffet utilizzati "normalmente aperti", sono realizzate con cristalli in vetro temperato infrangibile e dotate di un'originale e BREVETTATO sistema di sollevamento/abbassamento "one touch", scorrevole su cuscinetti e guide laterali, che può essere azionato con un solo dito.

With a very wide choice of models the Music line allows an infinity of solutions to satisfy any requirements. All salad bars are equipped with castors, two of which have brakes.

The closing canopies of salad bars normally opened, are made of tempered crystals and equipped with an original and PATENTED "one touch" up and down system, on slideways with bearings, that can be operated with one finger only!

Rovere chiaro  
Pale Oak

Noce  
Walnut

OPTION  
Other Colours

- Struttura in legno massiccio.
- Vasche in acciaio inox AISI 304.
- Refrigerazione statica tramite evaporatore esterno alla vasca (NO VT).
- Controllo digitale della temperatura in vasca.
- Vano a giorno (NO VT).
- Ruote piroettanti.
- Salita/discesa calotta one-touch.
- Colori disponibili: noce, rovere chiaro.

- Solid wood structure.
- Wells in AISI 304 stainless steel.
- Static refrigeration by means of evaporator outside the well (NO VT).
- Digital control of well temperature.
- Open compartment (NO VT).
- Swivel wheels.
- One-touch lid raising and lowering system.
- Colours available: walnut, light oak.

Gran Buffet Music, per un servizio a buffet da sogno: l'immagine e l'eleganza di questa proposta innovativa si conciliano con il servizio a buffet delle più prestigiose attività di ristorazione.

La proposta Gran Buffet Music è estremamente versatile. Le innumerevoli varianti di gamma consentono di personalizzare al meglio il servizio in base alle proprie esigenze ed in armonia con la sala ristorante: disponibile nelle versioni vasca singola o doppia, ad isola o parete, con versioni di temperatura refrigerato-caldo, refrigerato -refrigerato, caldo - caldo, refrigerato - caldo e neutro.

L'utilizzo di materiali pregiati quali legno massiccio e marmo, l'eleganza del design, la funzionalità degli elementi tecnologici, la facilità di utilizzo grazie al sistema brevettato di alzata della calotta ONE - TOUCH, fanno del Gran Buffet Music la risposta concreta all'esigenza di servizio a buffet ad alto livello.

Gran Buffet Music stands out for a fantastic buffet service: the image and the elegance of this innovative proposal are combined with the buffet service offered by the most prestigious catering companies.

The proposed Gran Buffet Music is extremely versatile. The numerous range variations allow to personalise the service according to the personal needs and to remain in harmony with the restaurant dining hall. Single and double basin versions are available as island units or wall fitting units, with several temperature versions: refrigerated-hot, refrigerated-refrigerated, hot-hot, refrigerated - hot and neutral.

The use of premium materials such as solid wood and marble, the elegance of design, the functional qualities of the technological elements, the easy use, thanks to the ONE - TOUCH patented system of lifting the crystal canopy, make the Gran Buffet Music the best answer to the needs of a superior quality buffet facility.

T.A. 25°C - U.R. 60%

- Le vasche sono realizzate in acciaio inox AISI 304.
- I sistemi di raffreddamento e riscaldamento delle vasche sono esterni alle vasche stesse.
- La struttura di tutti i mobili è in legno massiccio, di spessore fino a 30 mm, verniciato di colore noce.
- Le chiusure superiori delle vasche sono realizzate con cristalli in vetro temperato infrangibile e dotate di un'originale e BREVETTATO sistema di sollevamento/abbassamento "one touch".
- I Gastro buffet ENOFRIGO Gran Buffet Music consentono di rispettare le norme di igiene e temperatura previste dalla direttiva Europea 93/43/CEE HACCP, recepita ed attuata dal Governo Italiano con Decreto Legislativo 26/05/97 n. 155, e successivo aggiornamento del 18/01/2000. (G.U. n.13).

- The basins are made of AISI 304 stainless steel.
- The refrigeration and heating systems of the basins are external to the basins.
- The structure of the whole furniture is in solid wood, of a width up to 30 mm, painted in walnut.
- The closing canopies of the basins are made of shatterproof, tempered crystal glass and come supplied with the original PATENTED system for "ONE TOUCH" lifting and lowering.
