DYNAMIC salad spinners, often copied but never equaled!
Immediately recognizable thanks to their emblematic ORANGE color and the label L'ORIGINALE.

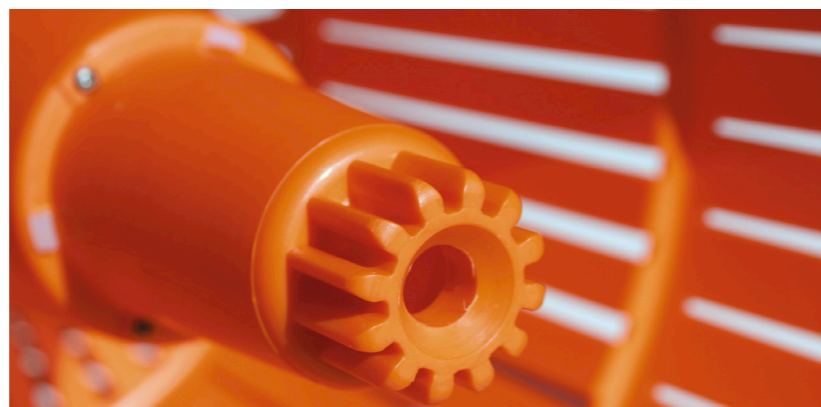

Our range of salad spinners is especially designed for professionals.
Our salad spinners are essential for the preparation and for the proper conservation of salads in big quantities.

Easy to use, they allow to spin quickly and efficiently until 5 salads, while respecting the product fragility and freshness.

Robust and designed for an intensive daily use, they are very popular for snacking or food-truck preparations and with traditional gourmet brasseries and restaurants..

All our salad spinners are manufactured with an incorporated antibacterial that complies with HACCP recommendations.

ELECTRIC SALAD SPINNER : convenient and comfortable, with a simple pulse, your salad spinner runs by itself for 1 minute. To stop it before the end of the cycle, just pulse again.

The Advantages

- ✓ **HYGIENE** : incorporated antibacterial that complies with HACCP recommendations.
- ✓ **COMFORT** : sealed cover to avoid water effusion.
- ✓ **ADAPTABILITY** : intensive use.
- ✓ **ROBUSTNESS** : Gears with stainless-steel pin incorporated.

DYNAMIC – MADE IN FRANCE LEADER OF THE COMMERCIAL STICK BLENDERS AND SALAD SPINNERS. .

INNOVATE TO MAINTAIN LEADERSHIP

In the 90's, **DYNAMIC** differentiates its products and innovates with the launch of the salad spinner with big capacity : the 20 liters in 1992, then the 10 liters in 1998.

Building on its success, **DYNAMIC** expands its range in 2020 with the 5 liters salad spinner with sealed cover.
